First Snow For Season Causes Snarl In Traffic

Heavy Precipitation Brings Virtual End to Danger From Fire

As usual the first major snow storm of the season, which struck this area with considerable force Tuesday night, found few prepared and as a result traffic over Donner Summit was snarled, power and telephone lines were damaged and other services temporarily disrupted.

A strong wind blew the storm in from the northwest and this morning seven inches of snow were on the ground in Truckee, with more than two feet over Donner Pass. Precipitation from the storm up to this morning totaled 2.18 inches at the U. S. Forest Service station in Truckee.

Trucks and cars without skid chains were caught in the storm over Donner and from 10 o'clock Tuesday night until 10 o'clock Wednesday morning, state division of highways crews and officers of the California Highway Patrol battled to make a path through the congested traffic. No accidents were reported but cars and trucks were stalled over a wide area.

Power lines were damaged in several areas over the summit and telephone lines also suffered under the weight of the wet snow, although services were continued for the most part uninterrupted.

Two PG&E men were reported lost between Soda Springs and Donner Summit last night. Names of the two men were not available but company headquarters said they knew two patrolmen were missing. Foot personnel and a snow caterpillar were searching the area where the two men were supposed to be. The pair were believed to have gone out on foot to check the lines and were not equipped with snowshoes.

William Curran, fire control officer for the forest service, said the storm has ended any possible fire hazards and that verbal permission to burn can readily be secured. The lookout on Martis Peak was removed and efforts were being continued today to bring out personal property. Efforts to reach the peak yesterday failed.

Tire chains were required between Donner Lake and Kingvale today on all vehicles.

SNIDER HUNTING, NABS VIOLATORS, BUS MISSES BUCK

What probably will prove to be the final citations for violating ordinances against smoking in the forests this year were issued last Friday by Forest Ranger H. I. Snider of Nevada City, who was hunting in Martis Valley with John Bigley, a patrolman.

Current storms are expected to preclude the necessity for further arrests for such violations.

Martin N. Matulich of Sacramento was cited for smoking while walking through dry brush and Billy B. Powell, Kings Beach, was given a ticket for tossing a burning cigarette from his car on the Brockway cutoff. Snider hailed both before Justice of the Peace F. W. Wilson who assessed them $50 each.

Snider, former local ranger, failed to bag his deer.

Riola Inn Ordered to Pay Back Wages to Minors

Two wage claims against the Riola Inn at Kings Beach were heard here recently by Miss Maurine Hermann, agent for the division of industrial welfare, and the plaintiff, Mrs. Emily Bergman, was awarded back wages for two minor children.

The claims were for minimum wages required by California law for boys and girls under 18 who are employed or permitted to work in industrial or commercial businesses.

The complaint alleged that the minors, aged 12 years, had washed dishes in the kitchen of Riola Inn during the period of June 28 to August 22, for which they were not paid. The amounts allowed following the hearing were $77.87 for the minor boy and $66.75 to minor girl.

Pythians Sisters Observe Anniversary of Order

A regular meeting of Summit Temple 79, Pythian Sisters, will be held tonight at 8 p.m. in IOOF Hall. A party is planned honoring Summit Temple's 13th year in the Pythian order and it is also the anniversary date of the Pythian Sisters' order.

Wolert Ailing—

J. R. Wolert, Truckee building contractor, is ill at his home here with pneumonia complicated with pleurisy. He is being treated by Dr. L. D. Nelson.

Halloween Party Planned By Club For Local Youths

Again this year the Truckee Rotary Club will sponsor parties for the young people of the community on Halloween.

Clarence Osburn is chairman of the committee arranging the affar to be held in the Veterans Memorial Building on Tuesday, October 30. He made his report at the meeting of the club Monday night at Donner Lake Lodge.

A departure from the regular procedure was announced. Instead of one party, there will be two, Osburn told the Rotarians. The first will be held between 6 and 8 p.m. for the younger folks up to junior high school and the second will be from 8 to 10 p.m. for the junior high and high school children.

A program has been designed for both groups with games and refreshments for all.

MORTUARY HERE IS REMODELED FRONT TO REAR

Remodeling and refurnishing of the Truckee Colonial Mortuary was completed this week by N. F. Dolley, giving Truckee one of the most modern and attractive funeral homes.

From front to back, the chapel, family room and other facilities were papered in colonial tapestry, with matching trim. The floors are covered from wall to wall with a soft taupe carpeting and indirect lighting sets off the attractive color scheme.

New furnishings were added in all the rooms with drapes matching the general color scheme. The chapel has been designed as a large, comfortable parlor with the family room separated by an archway. A rear room for vehicles and a canopy over the front entrance are additional improvements.

Dolley said he had not spared expense to provide the community with a modern, well equipped and complete funeral home, and invites inspection.

Former Truckee Girl Mother of Baby Girl

Vernon Pearson of San Luis Obispo and former Southern Pacific yardmaster here has announced the arrival of a granddaughter, Debra Gayle, weighing 7 pounds and 5 ounces on August 8th. The little girl is the second child of Mr. and Mrs. A. H. Ahrendes of San Bernardino. The mother is the former Betty Pearson. The couple have a son, Carl, who was four years old October 5

Frosted Windshield Cause Of Tahoe City Collision

TAHOE CITY— Victor Farris of Tahoe Pines was injured Tuesday morning at 7 o'clock when a car he was driving was struck by one driven by R. C. Karau of Tahoe City at the intersection of Lakeview Drive and the county road at Tahoe City. A frosty windshield was blamed for the accident.

Farris was treated by Dr. L. D Nelson for an injured chest and lacerations of his lower lip.

Minimum School Day Scheduled on Monday

There will be a minimum school day Monday, October 29, due to a scheduled meeting of all teachers in the Tahoe-Truckee Unified School District. The meeting will be held at the new high school in Truckee, C. P. King, high school principal announced.

Stolen Car Discovered Parked on Main Street

A car belonging to Dan Vucksan, Reno, was found abandoned on the main street in Truckee Tuesday by Constable N. F. Dolley following a report from the Reno police that two juvenile boys, under arrest there, admitted taking the car. It was stored at Thornton's Garage awaiting arrival of the owner.

Leaving for Folsom—

Mr. and Mrs. B. Euer and daughter, Heidi, and Mrs. Zella Euer expect to leave today for their Folsom home after spending the spring and summer at their local ranch.

Family Gassed In Car Stalled By Summit Storm

Patrolman Issues Warning To Keep Vehicles Ventilated

Five members of the Cephas Tatton family, going from Corcoran to Herlong, experienced narrow escapes from death by carbon monoxide gas yesterday morning when their car was stalled in traffic on Donner Summit.

Mrs. Tatton and three children, ranging in ages from one to four years, and the family dog were completely overcome and their three year old daughter is still in a serious condition and is hospitalized at Reno.

Tatton, whose car was parked on the highway, appealed to State Patrolman William Gautsche to examine his prostrate family. The officer was quick to size up the situation and after airing the car out thoroughly, rushed the family to Dr. L. D. Nelson in Truckee. Another few minutes in the gas-filled car, the doctor said, may have proven fatal to the entire family.

The little girl was near death when she reached the doctor's office at noon and other members of the group were extremely ill as the result of the gas.

Tatton told Gautsche he had been held up for several hours and had kept the motor running and the windows closed to provide heat in the car. This, the officer said, is a dangerous practice, especially in older cars and he issued a warning to all motorists to keep their vehicles ventilated to avoid the danger of carbon monoxide fumes.

NEW OFFICER'S FIRST CITATION BRINGS IN $350

Patrolman Martin A. Sturcke marked his first ticket Saturday and as a result the county coffers are $350 richer.

It appeared that Frederick S. Soward of San Francisco, driver of a small sport car which had participated or was going to participate in the road races in Reno Sunday, was stopped by Sturcke for a routine check. He immediately cited the driver for drunken driving, lodged him in the local bastille for a Sunday sobering and then hailed him before Justice of the Peace F. W. Wilson.

A guilty plea resulted in the fine.

ROSE BROTHERS EXPANDED STORE OPENS THIS WEEK

Dave Rose, manager of Rose Brothers' Market at the Gateway Park Shopping Center, announced this week that the new addition to their grocery store will be opened this weekend and that an array of gifts will be distributed. Everyone dropping in for an inspection of the store will be eligible to receive one of the valuable awards.

A $5 merchandise order will be presented every two hours all day Saturday starting at 10 a.m. and continuing until 6 p.m. at which time an automatic Toastmaster will be awarded. Tickets for the awards will be issued to everyone all day Friday and Saturday and there is no obligation to purchase. The winners need not be present at the drawings.

The new addition is completely stocked with variety and sundry items. New furnishings, large plate glass windows, modern lighting and attractive decorations combine to make the store most attractive.

The new department is directly connected with the grocery and meat departments, with one entrance and a serve-yourself service. Rose also announced that the new store hours for the winter months from 9 a.m. to 7 p.m. are now in effect.

IN CANADA

Mr. and Mrs. Lester Deckwa and son Timmy are enjoying a trip to western Canada, during which they planned to see Princess Elizabeth and Prince Phillip during the official itinerary of the royal couple.

Sun Beams

by Walter M. Jarrett

Whether you're six or sixty, younger or older or just in between, you're going to be affected by the wierd doings that come to pass each year on the last day of October. Maybe as an adult you'd rather skip Halloween altogether and just spend a quiet evening at home. That would be nice. Especially if you happen to be a shopkeeper it would be wonderful if the witches and goblins and gremlins would forget about their annual outing and fail to show. But don't count on miracles; not that kind anyway. If you have youngsters there's little you can do to prevent that strange process which will transform them into supernatural beings. If you don't have youngsters, there's little you can do to prevent the neighbor's supernatural beings from coming to your door with a perfectly natural demand for goodies, or else! So, all you can do is to go along with it all good-naturedly or, at least, go along with it all. Point out to your own offspring that there's a lot of fun to be had without indulging in mean or destructive pranks. Parties have been arranged by the Rotary Club in Truckee and the PTA at Tahoe City and these should help keep the situation under control. At any rate, the world on the morning after Halloween might be a little more out of shape but it will recover. Then all we'll have to worry about until next October is such minor things as atom bombs, war, taxes and inflation.

* * * *

The arrival of wet weather adds a new hazard to driving and motorists are warned to take it easy on wet and slippery roads if they want to avoid trouble. One common fault noted among a number of drivers is their unwillingness to clear windshields and windows of snow. Too many scratch out a small peek-hole directly in front of the driver and go storming down the highway with vision practically nullified, taking up most of the road and caring little about the other drivers. Take an extra minute and clean the windshield.

TAHOE OFFICERS ARREST SUSPECTS AFTER CABIN RAID

TAHOE CITY— Two San Francisco men, Charles Lawson Hudgen, 18, and Arnold K. Cobb, 25, were arrested by Constables Harry Johanson of Tahoe City and Richard Lavery of Kings Beach following a raid on their Kings Beach cabin Tuesday at midnight and are held on suspicion of burglary.

The men denied any knowledge of a large quantity of merchandise found in the cabin and said "y the officers to be valued at $3,000. The miscellaneous items included radios, an outboard motor, adding machines, a number of blankets, groceries and canned goods.

The two men were taken to Truckee where they were held until yesterday and then transferred to the Placer County jail at Auburn. The suspects, Johanson said, have been watched by the officers for several weeks.

Four Are Hospitalized By Accident at Bridge

Four people were injured and taken to a Reno hospital by Truckee ambulance early Saturday morning when a car driven by Levi Brown, 25, Berkeley, got out of control and hit both sides of the guard rail approaches to the west twin bridge near Boca.

Injured with Brown were William Reese, 25; Johnella Lewis, 26, and Ray Couey, 27, all of Berkeley.

The driver was cited by Patrolman Roy Stallard for driving without due caution.

Woman Fined $100 On Driving Charge

Dolores Haight, 28, cited by State Patrolman William Gautsche following an accident near the Bungalow two weeks ago, appeared before Justice of the Peace F. W. Wilson Tuesday and was fined $100 for driving with her driver's license suspended. Her license was suspended on a drunk driving charge previously, Justice Wilson learned

Tahoe Man Dies In Accident At Fallon Duck Club

A. L. Richardson Jr. Rites Conducted by Masons At South Lake

Alonzo Leroy Richardson Jr., 44, of Camp Richardson, Lake Tahoe, was fatally injured about 1:15 p.m. Friday while duck hunting at a gun club near Stillwater, Nevada.

Richardson and his father were hunting together, it was stated, the younger man in a blind, the older in a boat. Several shots were fired. The elder Richardson returned to the blind to discover his son dead.

Other persons in the party said that the younger man apparently shot himself accidentally, having slipped while in the blind and clutched the gun to regain balance. The shotgun charge tore into his head, resulting in instant death.

An inquest was held before H. H. Shoffner later in the day and a verdict of accidental death was returned.

Funeral services were held Tuesday in the Lake Tahoe Presbyterian Church and burial was in the Valley Cemetery at Lake Tahoe. Officers of Lake Tahoe Lodge No. 707, F. and A. Masons, had charge of the rites.

Richardson was a native of Winnetka, Ill., the son of Mr. and Mrs. A. L. Richardson Sr. of Camp Richardson, Lake Tahoe. He had been associated in business with his father most of his life.

Besides his parents, he is survived by his widow, Mrs. Elizabeth Richardson of Camp Richardson; a daughter, Carol Richardson of Pasadena; and a sister, Mrs. Ray Knisley, of the lake resort.

HORSE IS LOSER IN FIGHT WITH TRUCK ON HILL

A U. S. Forest Service truck, driven by Charles Raymond Allen of the Big Bend ranger station, was damaged and a horse owned by Leonard J. Harter of Yuba City was killed in an unusual accident near Big Bend Monday evening at 6 o'clock.

Allen told State Patrolman Roy Stallard, who made the investigation, that he drove over a slight rise in the road, saw the saddled horse directly in his path and could not avoid hitting the animal, which had to be destroyed.

Allen was not injured. No citations were issued.

School Board Special Meet To Be Held Friday P.M.

A special meeting of the governing board of the Tahoe-Truckee Unified School District will be held at the office of the superintendent of schools on Friday, October 26, at 3 p.m. to discuss the purchase of school equipment.

Other matters pertinent to the progress of the district may be discussed at this time.

By Johnson's Daughter Arrives in Arctic City

Mr. and Mrs. Martin Johnson have received a telegram from their son, Sergeant Byron Johnson, stationed with the Army at Fairbanks, Alaska, announcing the arrival of a baby daughter to Mrs. Johnson on Wednesday morning, October 24. The little girl weighed seven pounds, 2½ ounces and has been named Mary Kathleen.

Tahoe Lions Name Two On Kings Beach Council

KINGS BEACH— Jack Felte and Larry Sheridan were named as representatives on the Kings Beach Council from the Lake Tahoe Lions Club at Tuesday night's meeting. Harry Charrison made the appointment. John Daugherty of Carson City was a guest.

BIRTHDATE AT SCHOOL

Mrs. John Roberson took a decorated cake and ice cream to treat the pupils of the second grade on Thursday afternoon, October 18, in honor of the birthdate of their son, J. C. Roberson, who was seven years old on that date.

Fair Again Will Serve As Deputy In This District

Wesley Fair, deputy under Sheriff Wayne Brown in Truckee since the first of the year, has resumed his work here after a flare-up which resulted in him tendering his resignation two weeks ago.

Fair resumed his work on the night shift here Saturday.

After tendering his resignation, Fair discussed the matter with Sheriff Brown, informing the latter that he had been the subject of unfounded and damaging stories and that rather than have the stories reflect upon both the sheriff and himself, he decided to quit the post.

Sheriff Brown said he had never heard the stories but after a thorough investigation reached the conclusion that they were without basis in fact and readily agreed that the deputy was entitled to retain his job.

Brown said the only specific complaint he had against Fair was the latter's inability to provide daily reports. Otherwise, the sheriff said, Fair's work has been consistently good.

"It is my desire to provide Truckee and the eastern end of the county with a good officer—one who will enforce the laws, maintain peace in the region and represent the sheriff's office with dignity," Brown declared.

"I have personally investigated stories circulated derogatory to the conduct of the deputy here and have found them to be unjustified."

Fair's application for reinstatement to the position was made after he discussed local problems with the sheriff here last week.

ARTHUR WILLIAMS, HOME FROM KOREA, AWAITS DISCHARGE

Arthur Williams of Roseville, and formerly of Truckee where he worked for the Southern Pacific Company and was a star on the local baseball team, has returned from Korea and is awaiting his discharge from the Army.

Williams, a reservist, served nearly a year in the front lines in Korea and recently was awarded the Bronze Star for outstanding bravery "above the call of duty."

Mr. and Mrs. A. L. Davidson, with whom Williams resided while here, were in Roseville last week and visited with him. They reported he was in excellent health and apparently none the worse for his experiences. His many friends here will welcome him back.

HOSPITAL BUILDER, WIFE TO OBSERVE GOLDEN WEDDING

A reception for Mr. and Mrs. Joseph C. Shreck, commemorating their 50th wedding anniversary, is being planned at the home of Mr. and Mrs. Murle Shreck in Sacramento on November 4.

The Shrecks are well known here where they have a summer home and at present Shreck and his son, Kenneth, are contractors building the new Tahoe Forest Hospital.

The couple were married in Pennsylvania November 2, 1901 and came to Sacramento in 1906. Since that time Shreck has been engaged in the building industry. They have three sons, Kenneth, Murle and Orval Shreck, all residents of Sacramento.

Best wishes from local friends are extended to the couple.

Social Security Today Is Explained to Lions

S. E. Davis, field representative from the Social Security Administration, with headquarters in Reno, explained the new rules to the social program at last night's meeting of the Truckee Lions Club held at Donner Lake Lodge.

Following his talk, Davis opened the meeting for discussion and answered scores of questions relative to the new setup.

Stan Songer of Truckee and J. V. Bartell of Tahoe were visitors. Rboert Seibold presided.

To Bakersfield—

Mrs. Anton Mayer returned home after accompanying Mrs. Julia Crease and the latter's son, Elmer Sadocchi, to Bakerfield last week, where Mrs. Crease went for medical treatment.

Hospital Head Is Chosen As Work Rushed On Job

Akron, Ohio, Man Selected; Opening Planned For Early December

Charles R. Heller, president of the Tahoe Forest Hospital board of directors, announced that the board has employed Philip Raymond Shaw of Akron, Ohio, as manager and technician for the new hospital expected to be opened during the first two weeks of December.

Shaw will come to Truckee highly recommended. At the present time, he is x-ray technician with the U. S. Veterans Administration at Akron where he has been employed since 1948. Prior to that, he was x-ray technician and office manager at the C. T. Francis X-ray Laboratory in Warren, Ohio. He served with the Navy from 1922 to 1926 and was assistant statistician for the Texas Oil Company at Norfolk, Va.; ward master in the Marine hospital at Norfolk for four years and studied his chosen work for two years until 1933.

The new manager is a member of the American Registry of Medical Technologists and Registry of X-ray Technicians. He is 43 years of age, a native of Georgia and married.

In making the appointment, Heller said the board scanned a number of applications for the position, which requires a wide knowledge of hospital procedure.

Work Progresses

Work is progressing rapidly on the hospital under the supervision of Contractor Joseph Shreck and if current schedules are kept, the building will be completed and ready for occupancy by the first part of December.

A ceremony marking completion of the project is being tentatively planned and Directors Heller and James Sherritt, while in Sacramento recently, extended a personal invitation to Governor Earl Warren to attend the opening.

In the meantime by-laws are being drawn up to place the local hospital on a high standard with the various medical associations and provide the district with an institution modern in every respect.

GWEN HOCKER IS SATURDAY BRIDE OF OSCAR BEACH

Friends of Mrs. Gwendolyn Hocker of Truckee and Oscar Beach of Soda Springs this week were extending best wishes following the marriage of the well known couple at Reno Saturday evening. At the same time regrets are being expressed with the knowledge that they plan to leave soon to make their home in Chico.

Beach, who has been foreman for the division of highways on Donner Summit for several years, has been transferred to the Chico district, where he will be superintendent. The transfer will become effective November 1.

Mrs. Beach will stay in Truckee for the time being and will continue to operate her Westinghouse Laundromat at the Gateway Shopping Center until it is sold, after which she will join her husband at Chico.

John Lloyd of Yuba Gap is replacing Beach as foreman on the Summit.

Two Fined as Violators Of Deer Hunting Laws

Frank Sepeda of Oakland was fined $50 by Justice of the Peace F. W. Wilson for killing a spike buck, which he brought in for validation, marking the eighth case of this kind during the season.

John Martin, Five Points, Fresno County, was assessed $75 for hunting after he had already killed his buck. It appears the defendant was attempting to assist a companion in bagging a deer when he was apprehended by wardens of the fish and game department.

Section of Damaged Span Crumbles Into River Bed

Another portion of the bridge which until recently spanned the Truckee River on Bridge Street tumbled into the river bed at 1:45 o'clock Tuesday morning under the weight of the light rain and snow which fell that night.

The 20-foot section fell with such force that it awakened residents nearby. Spectators are warned not to go onto the remaining scetions.

On Jury—

Earl Stice and Peter Greenhouse were in Nevada City this week serving on a superior court jury.

Attend Races—

Mrs. William Gautsche and son, Rolland, were among the local folks attending the sport car road races at Reno Sunday.

NORTH TAHOE

by THELMA BURROUGHS

The spirit of Pauline Noel, aged 37, was released last Monday evening about 9 o'clock, winging its way into peace and painless rest. All those who knew Pauline admired her courage and cheerful attitude in the face of a losing battle with an incurable ailment. All extend deepest sympathy to the bereaved.

Surviving are her husband, Earl Noel; four daughters, Earline, Elaine, Eileen and Etheline, all of Kings Beach; a daughter, Shirley, 16; Mrs. Noel's parents, Mr. and Mrs. Charles E. Smith, two brothers, Roy and Cecil Smith, of Ozark Beach, Missouri.

The Noels came to Tahoe about six years ago, where Earl has been employed as a carpenter in the area and Pauline was once employed as a theater usher and cashier.

Mrs. Noel was very active in church work and charitable endeavors, both community-wise and individually.

Funeral services will be held Thursday, October 25, at 2 p.m. in Carson City. Rev. A. A. Carmitchel, pastor of the Community Methodist Churches at Truckee and Kings Beach, will officiate.

Dr. and Mrs. Glenn Doty Blair of Merced were recent guests of Mr. and Mrs. P. R. Murray. The Blairs liked Tahoe so much that they have purchased a lot in Tahoe Estates and expect to build before another summer season.

Mr. and Mrs. Mulford Miles have gone to San Francisco for the winter.

Richard Boyce came up from his job in Sacramento to visit his family at Tahoe Vista as usual last weekend. He was fortunate enough Sunday to bag a nice three-point buck on the last day of the season.

Mrs. Emily Cribbs entertained the Carson City Business and Professional Women's Club in her beautiful home near Crystal Bay last Thursday evening. Following dinner, a business meeting was held with Clementine Westover presiding. There were around 25 ladies attending from the Nevada capital city.

Charges of illegal possession of deer meat filed October 10 against Thomas Sutton of Kings Beach were dropped this week by Washoe County District Attorney Streeter, on grounds of insufficient evidence. Sutton was arrested by Nevada Game Warden Bruce Clogston, after the officer found him three-quarters of a mile into Nevada on the west slope of Mount Rose with a deer marked with a California tag. Following his arrest, the Tahoe man retained counsel, pleaded not guilty and asked for a jury trial. Sutton said he shot the deer near Floriston, in California, packed it to his camp, in California, then brought it across the line into Nevada because yellowjackets were thick around his former camp and he wanted to protect the venison.

Traffic Tally Up

The state division of highways says that in September, 1951, the overall statewide traffic count was 9.9 per cent higher than in corresponding month in 1950. There was an even heavier rise in the amount of freight vehicle increase, which was 10.5 per cent over September last year.

Floriston

by CLARA FELESINA

The Floriston Property Owners Association held a meeting Saturday evening at the home of Mr. and Mrs. Julius Smits to discuss problems relating to a bridge across the Truckee River.

Recent guests at the Willis Burroughs' home were Vernon Bradbury and Harold Pettigrew of Sacramento.

Visitors at the Ray Yurich home recently were their son-in-law and daughter, Mr. and Mrs. Edward Zuchinni, and Marco Melovich of San Francisco.

Preston L. Wright of Pasadena has been in Floriston this weekend to attend a stockholders meeting here.

Mrs. S. B. Buckner of San Francisco spent the weekend at her summer home here and attended the meeting of the property owners' asssociation.

Mrs. Bud Miller found that she didn't need to go far to get her deer, nor did she have to dress for it. She got hers one morning before going to work and while still in her pajamas right from her back door.

Recent visitors at the Arthur Boast home were Mrs. Mertle Zmak, Mrs. Marion Thom and Mr. and Mrs. Lester Felesina, all of Reno.

Weekend visitors at the Julius Smits' home were their son-in-law and daughter, Mr. and Mrs. Gene Hammersmith and children and Mr. and Mrs. George Hammersmith all of Sparks.

Mr. and Mrs. Willis Burroughs and sons recently motored to Marysville on business.

Mr. and Mrs. Jesse Marble and son, Peter, have moved to Reno.

New State Office Building Has 4 Doors, No Window

SACRAMENTO —(C. N. S.)— The state bureau of criminal identification has moved into new quarters, which consist of a quarter block building with four doors and no windows. A brick structure it was erected for security purposes. Work of the bureau has grown throughout the years until the bureau now houses 243 employees, a photographic file of two million people and about four million fingerprints, as well as five million records and dossiers.

Bodie

Maximum and minimum temperatures noted at Bodie have been 93 degrees and a minus 36 respectively. The average annual rainfall there is 14.48 inches. Bodie is located in Mono County and has a population of around one hundred.

FOOTBALL AS USUAL SCHEDULED FOR U. N. HOMECOMING

RENO— Homecoming Day on a college campus without a football game is like ham without eggs, Martin without Lewis or a B36 with a single engine.

But University of Nevada alumni and football fans who've been glumly watching approach of the traditional October 27 date, depressed because the school had suspended intercollegiate football, can smile again. They'll have a football game Homecoming Day, and what's more it may be one of the most entertaining in more than 50 seasons of the grid sport at the Reno campus.

UN students are out practicing, 55 strong. Originally they turned out for a new intramural program but they've since accepted a challenge from the alumni for the Homecoming classic.

The alumni, playing under the title of "11 Old Men", have been practicing six weeks. They're short in numbers but long in poundage. Putting on a bit of weight since college team, the "11" will have a line averaging something like 230 pounds per man.

They include such familiar names as Lloyd Rude, Buster McClure, Max Dodge, Bev Waller, Bob Corley, Carmel Caruso, Gordon Surber Mike Mirabelli, Gino Quilici, Alf Sorensen, Don Talcott and others who helped make Wolf Pack football history.

The Strawberry

The modern strawberry originated in Europe through a combination of two native American species, one from North America, the other from South America.

SWANEE'S TAHOE LETTER

PHONE TAHOE CITY 39W

Tahoe City, Oct. 22

Dear Tahoeites:

Have just returned to the lake after a three-day vacation in Reno with daughter Marie and her family. The town was certainly "jumping" over Saturday and Sunday with the dozens of sports cars which entered the big race on Sunday, sponsored by the Reno Chamber of Commerce and sanctioned by the Sports Car Club of America Many Tahoe and Truckee people motored to Reno to take in the event which was declared to have been highly successful.All proceeds went to the Reno Community Chest campaign.

Among Tahoeites who motored over to the "biggest little city" on Thursday to enjoy the special program presented in the new high school auditorium by the famed U. S. Marine Band were Mr. and Mrs. Charles Warner and son Chickie of Fairway Drive. Ex Marine Warner especially enjoyed the excellent program.

All Tahoe has been saddened by the tragic news of the death of Al Richardson Jr., who was killed while duck hunting in Nevada. The deepest sympathy is extended to surviving members of his family.

Mrs. Wesley Donaldson, proprietor of Donaldson's Coffee Shop at the Tahoe wye, today suffered an odd and painful accident while washing dishes in the kitchen of her establishment. Seems she took up a scouring pad to clean a bit of pottery and received a vicious sting from a yellow jacket which had hidden itself within the mesh of the cleaner. Within a very short time her fingers and arm had swellen to huge proportions and a trip to the Carson City hospital was necessary for treatment. The doctor declared the poison from a previous sting had not left her system and had aggravated the new bite. She was feeling pretty miserable tonight when I talked to her.

Another Tahoe City resident who is feeling pretty low physically today is our constable, Harry Johanson, who narrowly escaped serious injury on Saturday while returning from a camping trip into the Hell Hole country. The story appears in greater detail elsewhere in the Sun. Tonight Harry is still suffering from numerous bruises shock and a possible cracked elbow

Have a letter from Squaw Valley Resort giving their winter opening date as November 21. They also inform me that Squaw Valley has been selected as the training site for the U. S. men's Olympic team (downhill and slalom) which starts its training period November 22 and continues until the team leaves for Europe. Also, the resort's first FWSA sanctioned race will be held there Sunday, November 25 This is the annual Turkey Trophy and is open to A, B and C classes and will also include a guest slalom.

Had two more cards from the Carlton Valentines, one from Defiance, Ohio, where they were established in a motel for a bit of rest and one from Ste. Anne De Beaupre, Quebec, where they visited the Fontaine Miraculeuse and saw the great pile of crutches left by those sufferers said to have been cured The Valentines view the Cyclorama, a canvas 360 feet by 40 feet high and 35 feet from the viewing platform. The people and animals of biblical days looked lifelike, the towns and hills looked to be miles away. The work was done by the celebrated painter, Love, who created the Gettysburg battle scene. Came too that promised letter written in Boston, telling of their travels and of putting on their shaded glasses in some districts where the brilliant coloring of the maples and aspen made the atmosphere difficult on the eyes. In Quebec they saw Prince Phillip and Princess Elizabeth of England, the latter a tiny, dainty little thing. Mrs. V. noted the red posts in Maine along the roadside which give the date and number of people killed in auto accidents at the spots marked; a depressing sight but a worthy reminder to keep the speed down. She told how they got lost occasionally in one-way streets and of the courtesy of the patrolmen; of courtesy guest stickers which are a regular "open sesame" for the traveler and of their difficulty in understanding the speech of the New Englanders. They were taking three days out to rest up and were just on their way out for one of Boston's famous seafood dinners.

On Wednesday last had a never-to-be-forgotten spin on Lake Tahoe on Bud Scott's 43 foot cruiser Tahoe, which will probably be my last for the season. We left Tahoe Boat Company with Bud driving and Jim Astle along as crewman. Followed the shoreline, beautiful then with vivid autumn coloring, going as far Rubicon Point, where we turned around. Miss Kay Gilman and I took pictures along the way and enjoyed every minute.

Ashore, I enjoyed coffee and hot snails at the home of Mrs. Fred Gilman in town and learned that her daughter, Kay, is engaged to be married to Ray L. Drotis of the Standard station at Tahoe City wye. Wedding plans at present are indefinite.

My best to one and all.

As ever, Swanee.

PROCEEDINGS OF THE BOARI OF SUPERVISORS FOR THE MONTH OF OCTOBER (SUPPLEMENTAL)

October 13, 1951 Adjourned meeting.

The Board of Supervisors met this day at the call of the Chair at 10 o'clock A. M. On roll call all the members were noted present.

This being the time set for the opening of bids for the sale of $140,000 principal amount of Tax Anticipation Notes of the County of Nevada, there being only one bid, the Chairman directed the clerk to open said bid. The Bid of the Bank of America, N.T.&S.A. specified 2¼ % per annum for the period with no premium. The County Treasurer recommended favorable action on this bid. Whereupon, on motion of Supervisor Coughlan, seconded by Supervisor Tobiassen, and unanimously carried, the Board adopted a resolution awarding sale of the $140,000.00 tax anticipation note to the Bank of America. The District Attorney and the County Clerk and Auditor were instructed to forthwith prepare the necessary papers and turn them over to the Attorneys for the Bank to pass on.

The Board adopted a resolution requesting the State of California to assist the County in building a bridge over the Truckee River in Truckee, and appointing J. F. O'Connor to represent the County in all preliminary proceedings hereunder.

The Board ordered the Clerk to issue a minute order to the Building Custodian to replace the present linoleum flooring in the Women's Quarters of the Nevada County Jail in the Courthouse.

The sum of $21,000.00 was ordered transferred from the Tax Anticipation Trust Fund to the Special Road Improvement Fund. The sum of $2,000.00 was ordered transferred from the Tax Anticipation Trust Fund to the General Road Fund; and the sum of $80,000 .00 was ordered transferred from the same fund to the General Fund.

A letter was received from the Department of Social Welfare at Sacramento requesting assurance that money will be available for the categorical aids for November 1st. The Clerk was instructed to reply to the letter.

A letter was received from the Department of Corrections stating that an inspection was had of the Nevada County Jail on September 27th, 1951. According to the letter, the food served the prisoners was found to be of excellent quality as compared with that of other jails in this locality.

The monthly road claims were audited and found due and the following were authorized to be paid:

SPECIAL ROAD IMPROVEMENT FUND, Warrants Nos. 337 to 396, $20,927.58

GENERAL ROAD FUND, Warrants Nos. 18 to 20, $3,343.42.

No further business, the meeting adjourned sine die.

R. E. DEEBLE, County Clerk and Clerk of the Board of Supervisors

NO O.P.S. CEILING ON CHRISTMAS TREES AND OTHER "GREEN"

In the spirit of the season, the Office of Price Stabilization Monday exempted Christmas trees from price control, it was reported by Frank E. Judy, director of the Sacramento district.

The decontrol of yuletide greenery includes all the traditional greens used for decorative purposes, Judy said.

Christmas trees have certain characteristics which make the application of ceiling prices frozen at base period levels inequitable or impractical, it was explained.

How to start engines fast in extremely cold weather

Shown above is a dash-installed primer pump designed to inject Chevron Starting Fluid into gasoline or diesel engines.

It works this way: as the operator steps on the starter, he works the pump with his hand. Highly volatile Chevron Starting Fluid goes into the engine and starts it up. Has started engines at 50° below zero!

To prevent ice formation in your fuel lines and tanks, we also recommend Chevron Ban-Ice Fluid in cold weather.

We'll be glad to fill your order for the primer pump for your equipment and, of course, see that you have plenty of Chevron Starting Fluid and Chevron Ban-Ice Fluid all season. We emphasize service because it is the foundation of our local business!

NEW INDUSTRY SEEN FOR PINE AREAS TO COLLECT ROSIN

Possibilities of new rosin harvest from California pine forests were pointed out this week by Arthur B. Anderson, forest products expert of the University of California College of Agriculture.

Rosin from Jeffrey and Ponderosa pine is comparable in quality and yield to that from the rapidly depleting old growth pine stumpwood in southern states, Anderson said, and predicted 500 pounds of rosin per tno of stumpwood could be harvested in the state.

Rosin is inexpensive to extract, Anderson pointed out. Old stumps are the best source, he said, the bark and sapwood usually having decayed leaving the rosin - rich heartwood.

INYO SHERIFF POSSE TO STAGE RODEO ON ARMISTICE DAYS

LONE PINE— The first annual Invo County Sheriff's Posse Rodeo will be staged here on Armistice Days, November 11 and 12, according to Sheriff Charles P. Cline and Posse Captain Charles Herron.

Herron has been assured that the majority of the best rodeo cowboys from the Cow Palace, San Francisco, will compete in this event for which prizes amounting to $1200 plus entry fees will be awarded. Gene Rambo, three times world champion cowboy; Ross Dollarhide and many other well known riders of the rodeo circuit will compete. John R. Joslin, better known as the original Red Rider as arena director will give the huge crowds a fast show with unlimited thrills, chills and spills.

LOCAL PYTHIANS OBLIGATED ON HISTORIC BIBLE

The original Pythian Bible, used 62 years ago to obligate and institute the first Pythian Sisters, was used again Wednesday evening October 17, at Reno when candidates from Reno and Truckee were initiated in a joint ceremony.

Those going into the order from Truckee were Frances Personius Glenna Jordan and Mary Fisher. Also attending from here were Hazel Roberts, Pearl Heller, Elsie Marquis, Donna Singer, Elsie Olsen Ella Waters, Amelia Schumacher The supreme chief of the United States and Canada, Cleone Hogan was present to officiate.

Included on the committee in charge of the Sisters' food sale on October 19 were Mesdames Elsie Marquis, Donna Songer, Velma Wakefield and Mildred Coffey. The Truckee Mercantile, Tonini Grocery and Doyle's Meat Market, as well as others who contributed to its success, were given a vote of thanks by the members.

FINANCES FIRST STEP TO BETTER ROADS GOVERNOR ASSERTS

SACRAMENTO —(C. N. S.)— Governor Earl Warren in effect turned on the heat for more state highway money when he addressed a delegation of some 40 representatives of communities along the "bloody Bayshore". The delegation appeared to request the state to improve the highway with a view to cutting down the heavy traffic accident rate and death toll.

The chief executive said there is no substitute for money, pointed out the state is restricted in use of present highway revenues from the gas tax fund and suggested three means of getting more road funds The first was a bond issue, which he believes the people would not support; the second toll roads which the state is attempting to eliminate rather than introduce; and the third, an increase in the gas tax.

A fourth way, he pointed out, is contained in Senator Randolph Collier's bill for a gas tax increase plus a bond issue to establish a state-wide system of freeways. The governor said this idea is "worthy of consideration."

He also said in response to a request for a special session of the legislature in March to cope with the highway problem, which he described as state-wide to the delegation, that he has not closed his mind regarding such a special session. Upshot of the meeting was that the governor laid the job of stirring up public interest on the people of the state, who in turn would put the pressure on the legislature to do something concrete.

County Gives Water Fight Back to Principals

CRYSTAL BAY— Washoe county commissioners this week received complaints from two property owners at Crystal Bay, Lake Tahoe, stating their water supply had been cut off October 4 because the operator of the water plant went hunting.

Writing separate letters, Mrs. R. H. MacLeod and T. H. M. Taylor complanied that R. H. Welch, operator of the water system maintained by the Crystal Bay Corporation, had turned off the water to avoid danger of pipes freezing while he was on a hunting trip. The water should remain on, they claimed, as long as the weather remains fair.

So far, they said, temperatures have not been low enough to endanger the pipes.

The Washoe county commissioners were forced to turn the problem back to Mrs. MacLeod and Taylor since the problem is a matter between the water company and its subscribers and does not affect the county.

At Broken Bow—

Mrs. Fern Schlueter of Tahoe Park writes from Broken Bow, Neb., that she expects to return to Oakland atfer a visit with relatives and will catch up with local happenings when she reaches the bay city address.

How to make good telephone service even better....

Give your friends time to answer

How often have you had someone hang up just as you answered the telephone? It isn't always possible, you know, to get to the telephone the moment it rings—the folks you are calling may be out enjoying their garden, or busy in some distant part of the house. You'll reach them more often . . . and avoid the disappointment of an incompleted call if you give them a *full minute* to answer.

faster Long Distance service is yours, if you give the operator the out-of-town telephone number, rather than just the name and address of the party you are calling. You'll not only save your time . . . but calling by number means better service for everyone, especially now when long distance lines are carrying so many urgent industrial and military calls.

State to Operate Lost-Found On Full-Time Basis

SACRAMENTO —(C. N. S.)— Carelessness with property, both pesonal and real, has reached the point where a full-tim unclaimed property officer is needed by the state. As a result, the personnel board has called an examination for such an office and the job, for which only an attorney with special qualifications can qualify, will pay $481 to $585 per month. Annually the state receives thousands of dollars in unclaimed property which must be held for a full year before it reverts to various funds in the state treasury.

LAKE'S FAST GROWTH BRINGS PROBLEMS FOR NEIGHBOR STATES

"The most likely areas of future growth and need as far as water pollution is concerned are the Great SaltLake, the Salton Sea and the Lake Tahoe and Truckee-Carson sub-basins."

This was a conclusion of a co-operative federal and states report on water pollution throughout the Great Basin drainage area. Co-operating on the report were the federal public health service and the state departments of health of California, Nevada, Idaho, Utah and Wyoming. The Great Basin comprises about 184,000 square miles of predominantly desert area extending approximately 675 miles in a north-south direction from the Columbia River basin to the Mexican border, covering most of Nevada, western Utah, eastern Califronia and parts of Idaho and Wyoming. It is situated between the Cascade, Sierra Nevada and San Bernardino mountains in the west and the Rocky Mountains and the Colorado River plateau on the east.

Population Centers

The 1950 population of the Great Basin was around 938,000. There are only seven cities with over 11,000 population. Centers of population are in the Wasatch front of western Utah, the Salton Sea area of southern California and the Lake Tahoe, Truckee and Carson rivers area of California and Nevada.

In the Lake Tahoe, Truckee and Carson rivers area there are 16 sewered communities, 13 of which have some type of treatment facilities but only six of these are considered adequate by the survey.

The survey also notes the domestic, industrial, agricultural, recreational and power usages of the waterways and the relation of these to the pollution problem. It is reported that the Truckee River has five small power plants which generate 10,000 kilowatts.

Peculiar Situation

"The peculiar situation encountered in the Lake Tahoe area presents the need for close cooperation between the states of California and Nevada," the survey reports. "A combination of topographic and geologic conditions combine to make individual waste disposal systems difficult for resorts, hotels and large residences. Strict restrictions on discharges to Lake Tahoe are justifiably enforced in both states. These factors combine to create a situation where continued close cooperation between the states is necessary."

Cost of needed waste treatment facilities is roughly estimated at $643,000 for Nevada and $94,000 for California or $737,000 total for the Tahoe - Truckee - Carson sub-basin.

Water from Lake Tahoe is widely used for domestic water supply by communities and resorts along the shore. The lake is also used for livestock watering, irrigation, sport fishing, bathing, boating and other recreation.

Private Systems Difficult

The bordering states of California and Nevada have long recognized the importance of maintaining the high quality of lake water and by mutual agreement have attempted to prevent the discharge of any sewage or sewage effluent into the lake. The rapidly growing recreational areas make disposal of sewage to individual subsurface irrigation systems increasingly difficult, however, and several communities are considering plans for construction of public sewer systems. High shoreline property values and the mountainous terrain rising rapidly from the shore make the provision of land disposal areas suitable for disposal of sewage effluents by land irrigation or percolation beds very difficult anywhere in the Lake Tahoe area.

Lake Tahoe overflows into the Truckee River, which furnishes part of the domsetic and industrial water supply at Truckee, Calif., and Reno, Nev.

Use for Water

"The water is chlorinated at Truckee and given the complete treatment at Reno," the survey declares, "but there are certain other small communities that use raw water from both the Truckee and Carson Rivers in spite of the objections to this practice by the state department of public health.

"Other water uses in the Truckee and Carson Rivers are livestock watering, irrigation, sport fishing and other recreation. The water in both rivers is known to be of unsatifactory quality for present uses in some places and actual nuisances exist on the Truckee River below Sparks, Nev., and on the Carson River below Carson City and below Fallon, Nev."

Among other recommendations, the survey suggested that "the present informal cooperation between the Nevada state health department and the California department of public health in the area of Lake Tahoe should be strengthened and extended to include participation by the Lahontan Regional water pollution control board of California."

It Rains in California

Average rainfall in California varies from more than 100 inches to three inches or less in different parts of the state.

From where I sit ... *by* Joe Marsh

Guess They Felt Pretty "Sheepish"

My wife and I went to Central City Saturday for the football game and it was a top-notcher. But I began to wonder if it was worth the trouble when we got in a traffic jam coming home.

Traffic makes me mighty impatient. When I came to a side road that seemed to point towards the main highway, I turned onto it. This road bumps along for maybe a mile, then fetches up short by the railroad—a dead end.

So, I turned around and darned if there weren't twenty cars behind me! One driver had followed —figuring I knew a short cut—then a whole string of them swung after him, like sheep.

From where I sit, there's no sense in just "following along." Whether it's choosing a road, a movie star, or what beverage to drink at meal time, it's always better to make your own decisions. Personally, I often like a glass of beer with my dinner, but most of all, I like the freedom of making up my own mind about it!

Ever stop to think
Your First Car can be a Buick!

THIS being a land where it is every man's right to dream of getting ahead—and the pursuit of happiness is guaranteed by the Constitution—it happens that a great many people aspire to own a Buick.

But too often they start with a lesser car first—from a feeling that Buicks are something you have to build up to gradually, as your take-home pay improves.

So—if you have any such notion—we'd like to set you straight, right here and now.

You don't have to hope and dream and wait. If you can afford a new car—the first car you buy can be the Buick SPECIAL pictured here.

Its price tag says so. Its low cost of operation says so too.

We know that it looks like a lot of money. That's what makes it such a buy.

We know that it has a long list of features found in costlier cars, and that it rides and handles like cars that sell for a great deal more.

But that simply means that—at its price—you're getting a very big money's worth.

All of which adds up to one conclusion: the smart thing to do is come in and give this neat and nimble new SPECIAL a thorough going-over.

Try out its power—the power of its high-compression, valve-in-head Fireball Engine.

Try out its ride and handling—and you'll discover it has the "big-car feel" that you'd expect from a Buick.

Try it out for size—for room—for comfort—for all the things that you've dreamed someday of having in a car—and you'll thank your stars that you found out the facts of life **in time.**

Equipment, accessories, trim and models are subject to change without notice.

JOHANSON ESCAPES BAD INJURY AS HORSE FALLS ON HIM

TAHOE CITY— Tahoe City's popular and capable constable, Harry Johanson, had a narrow escape from serious injury or death on Saturday afternoon around 4:00 o'clock when he was thrown from his horse on the steep, rocky path just east of Heaven's Gate on the Whiskey Creek Trail.

Johanson and 12-year-old Kenneth Lavery, son of Mr. and Mrs. Richard Lavery of Kings Beach, had been camping for five days in the rugged Gray Horse district looking for bear and fishing. On the return trip home Saturday, Johanson threw the rope from his pack horse over the horn of his saddle while he lit a cigarette.

Just at that moment, the animal slipped and fell, rolling down the steep bank and pulling Johanson's horse with him. The constable was thrown to the ground and his horse fell on top of him. Fortunately he had fallen between some small boulders which stood up about a foot from the ground, thus saving him from the full force of the [illegible] horse's fall. He was, however, stunned for some time and his elbow was painfully injured.

A stand of trees some 50 feet down the slope stopped the animals' rolling and they got to their feet, uninjured and with pack intact. With the aid of young Lavery Johanson made his way to Squaw Valley where he phoned the boy's dad who picked them up in his truck. Johanson spent all day Sunday in bed and Monday was somewat better, although still sore and bruised.

They saw no bear but did have some grand fishing.

Sub-Freezing Nights On Weather Menu

TAHOE CITY— Sub-freezing night temperatures have featured the Tahoe weather menu this past week, with a low of 24 degrees recorded for the week ending on Monday. Daily high and low temperatures were Oct. 15th: 55, 30; 16th: 55, 29; 17th: 56, 26; 18th: 63, 30; 19th: 65, 30; 20th: 55, 28; 21st: 46, 24; 22nd: low 25.

The lake level Monday was 6227.12 with all gates closed.

Feeling Better—

Mrs. Beccy Shontz has been ill with 'flu for the past week at her Tahoe home but is improved now.

Back from South—

Mrs. Patti Scott returned to Tahoe City last Thursday from a two-week visit in Los Angeles with hre mother, Mrs. Molly Ross. Mrs. Scott made the trip via plane through Reno.

PTA MEETS TONIGHT, TO PLAN FOR HALLOWEEN PARTY

TAHOE CITY— Tahoe Lake PTA will meet Thursday evening, October 25, at the school auditorium with President Mrs. Charles Mansell of Squaw Valley presiding. Meeting time is 7:30 and parents and other local residents are welcome.

Children of Mrs. Robert Briggs' 4th, 5th and 6th grades will be in charge of the program which will feature groups of students studying reading, arithmetic and science with a chairman to conduct each study group. This will open the meeting and parents are invited to inspect the methods of study and will be permitted to query a student moderator, asking any questions they might wish answered.

The regular PTA business meeting will follow, with plans for the Halloween party the group will sponsor one of the most important items on the evening's agenda. Mrs Fred Gilman has been named as one of the party's chairmen, with others to be selected later. Last year's party was such a success that it will be repeated with the hope it will keep the children off the streets and out of mischief on the evening of October 31.

Following the business meeting, there will be a fashion show by the 4th, 5th and 6th grades with the funniest, best and most original hats to be featured. Mrs. David Wyrsch of North Tahoe is refreshment chairman.

Loggers Fined for Wide Load by Judge Vernon

TAHOE CITY— Justice of Peace C. W. Vernon of Tahoe City on Monday fined the Purdy Brothers (James and LeRoy) of Truckee $70 for violation of logging transportation laws. Patrolman William Gautsche cited a Purdy Bros. truck on October 9 for overwidth on a load of logs and for faulty brakes. As owners, the law holds them responsible for equipment The company is logging in the vicinity of Quail Lake near the Noonchester Mine property on the west side of Tahoe.

Capital Visit—

Mrs. Jeannette Mitchell and son Dale of Sunnyside were Sacramento visitors last week.

In Reno—

Mrs. Eleanor Swanson of Tahoe City spent three days last week in Reno at the home of her son-in-law and daughter, Mr. and Mrs William Steenis.

My Place In the Sun

by DOUG BARRETT

If you (or I) say such and such is the biggest, or oldest, or what-have-youest, there's always somebody to dispute you.....and prove their point.....however, the nicest buck Gamewarden Gil Berg validated during the hunting season just closed was killed by Al Wakefield.....had antlers with six points on one side and eight on the other and weighed in at 165 pounds dressed.....got it up by the cemetery.....Just under the wire with their bucks this year were Ernie Fleming and Bud Owens.....who came through on the last weekend .....Last Friday, October 19, really took care of a lot of birthdates in our town.....first, with me, was my wife, Barbara; then there was Tom Buell's wife, Ethel; Johnny Street's wife, Marie, and Peggy Ferdinand's husband, L. W. (Skip) Ferdinand.....may the date return with happiness multiplied for all .....Overheard E. H. (Slim) Sayre from Meeks Bay telling Vina Clepper in Loynd's Drug store that he's a grandad.....Bob and Bizz Sayre, up in Corvallis, Ore., had a daughter on Monday, Oct. 22.....a lot of you folks will remember Bob when he delivered fuel oil hereabouts and Bizz who worked at aforementioned drug store.....Alice Hanoum, our kindergarten mentor, looking chic and slick in her new yellow slicker for the first morning of the snow season in Truckee yesterday.....and appearing happy to see it.....Me, I got out my old GI raincoat, Arctic issue cap.....and roundly cursed the day.....Theo Scott, the Ray Scotts' eldest daughter, needed several stitches in her lip.....following a tumble at school Friday afternoon .....There's nothing sure, they say, save death and taxes.....but, a sage observed to me, death gets no worse simply because congress is in session.....With the windup of deer season, Pete Lazzari left Edith to run their Star Hotel and took off for a rest in Richardson Springs and Chico.....was toying with the idea of Honolulu but figured that was too far from home .....Bob Seibold putting in his eight a day with Stockton Box Company .....Ametta Firpo off Monday on a business trip to Ukiah.....a quick turn-around and home Tuesday..... If anyone cares, trout fishing season ends in these woods on Halloween.....Oct. 31.....Earl Stice over at the county seat this week doing his duty as a citizen.....he was on a superior court jury.....Mr. and Mrs. Al Bradshaw in the office early Monday morning to bid adieu.....before returning to their Oakland home.....after a weekend midst old familiar sights and sites

The date of our snow commencement this year.....October 23..... rang a tiny bell in my memory..... referred to McGlashen's History of the Donner Party.....found that that date in 1846 was when they started their losing race up the Truckee River canyon from Reno's later locale.....they bogged down on October 28, 1846, with six inches of snow at Prosser Creek.....and from 24 to 60 inches on the summits of surrounding peaks.....and that, if you'll recall your local history, was a long and rugged winter in these parts.....

ELECTRICAL TIPS FOR THE HOME

If You Are Bothered by Frequent Blowing of Fuses . . .

DON'T court danger by using pennies or over-size fuses to prevent interruption of the current. When a fuse blows, it's your warning that something definitely is wrong.

DO check to determine the cause. The trouble may be a faulty cord, more likely it's an overloaded circuit. If so, you'll need another circuit to make your wiring as efficient as your appliances.

Auto Indusity Past, Future Reviewed by Jim Sherritt

James Sherritt, past president, was speaker at Monday night's meeting of the Rotary Club, using as his topic "Things You Auto Know." He gave a brief history on the development of the automobile from the first to the current models and left the members with a question, "What will be done in the field of atomic energy for our benefit?"

Charles Heller, president of the Tahoe Forest Hospital board, also gave an interesting talk on the progress of the hospital. Visitors included Ed White of Loyalton, J. V. Bartell and Bill Conners of Tahoe City, Eldon W. Siler of Yuba City and Heller of Truckee.

ARCHERS ON TRIP AFTER WEDDING IN NEVADA TOWN

Mr. and Mrs. Paul Archer left on a brief trip following their marriage in Gardnerville Saturday, October 20. The ceremony was performed by Rev. Harvey in the Methodist Church.

The couple was attended by Miss Marjorie Rowcliffe of Bishop and Kenneth Grayson of Reno.

The bride is the daughter of Mr. and Mrs. Homer T. Fagel and was given in marriage by her father. Mrs. Archer graduated from the Bishop high school last year and has since been employed as a secretary.

Following the rites a dinner was given in Carson City. Mr. and Mrs. Jack Ellis of Truckee were among the guests.

Mr. and Mrs. Archer expect to make their home here where the former is employed.

Successful Deer Season Ends Here on Weekend

The deer hunting season in this district ended Sunday after one of the most successful hunts on record.

The final weekend saw hundreds of last-day nimrods in the field and while the percentage of deer killed was far below the opening days of the season, a large number were brought in for validation. Among the largest deer killed on the closing day was one taken by Charles Leamon of Sacramento. The animal was a five pointer and exceedingly large.

Ideal weather predominated all through the season.

Only three bucks were killed on extensive Joseph Joerger holdings which were closed until the final three days of the season and then opened to all comers.

Not a single human casualty was reported during the 1951 season and thousands of hunters were in the woods.

New Tax Withholding Effective on Nov. 1

Charles F. Masarik Jr., deputy collector in charge of Internal Revenue at San Francisco, announced today that employers will be required to withhold income tax from wages paid on and after November 1 at the righer rates provided by the Revenue Act of 1951.

Revised withholding tax rate tables for employers have been printed and are being rushed to the offices of collectors throughout the nation. Masarik stated that the pamphlets containing the revised tables will be placed in the mails to all employers on his list within the next few days. Employers who do not receive the pamphlet within a few days may obtain copies at the collector's office.

Tarzan

by EDGAR RICE BURROUGHS®

VICTIM OF A TROPICAL STORM, TARZAN LAY PINNED BENEATH A SPLINTERED BRANCH.

...LATER, MATO, SON OF THE CHIEF OF KEMBA, STUMBLED ONTO A STRANGE OBJECT WHILE HUNTING -- A HUMAN LEG PROTRUDED FROM THE FOLIAGE!

FEARSTRUCK BUT POISED, MATO AIMED HIS SPEAR. "I AM NEITHER AN ENEMY NOR FOOD," SAID A CALM VOICE. "RELEASE ME -- I WILL GET YOU MEAT."

FURTHER CAJOLERY ASSURED MATO AND HE LIFTED THE BRANCH... AND SOON THE STRANGER KEPT HIS WORD!

AS THE TWO ATE FROM THEIR KILL, MATO QUERIED, "WHO ARE YOU?" THE WHITE MAN'S BROW FURROWED. "I - I DON'T KNOW!"

THEY PROCEEDED IN SILENCE, TARZAN DEEPLY PERTURBED OVER HIS LOSS OF MEMORY— WHEN MATO POINTED TO A CRUMPLED BODY AHEAD.

"HE WAS MY FRIEND," WHISPERED THE NATIVE, TERRORIZED. "KILLED BY THE STEEL CLAWS OF-- THE PANTHER MEN!"

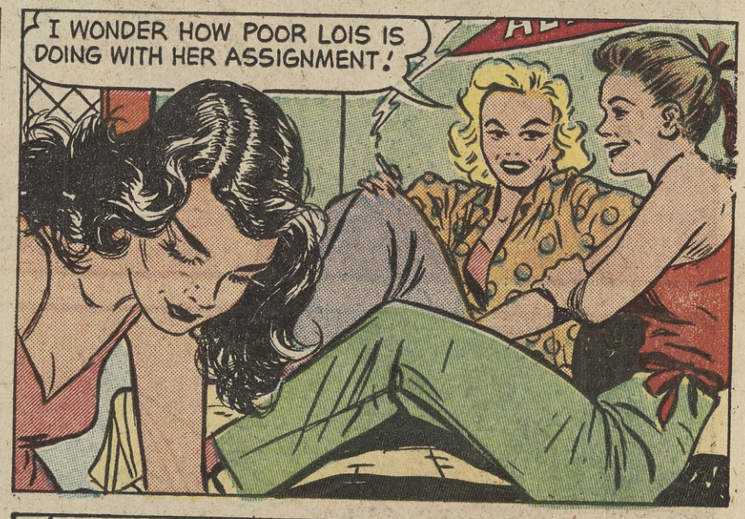
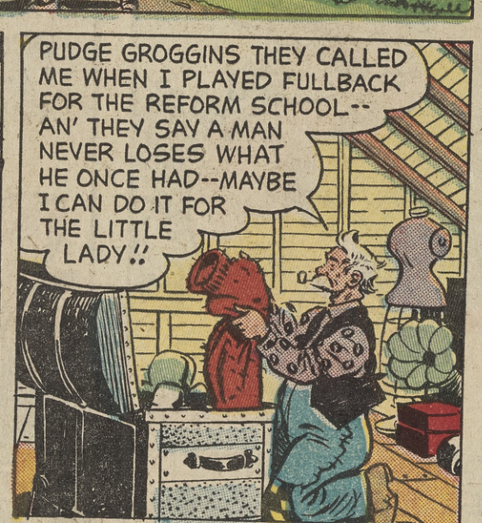
STOP BAWLIN', HONEY--YOU DIDN'T DO NEITHER O' US ANY DAMAGE BY BUMPIN' INTA ME!
OH, YES, I DID! IF I WANT TO BECOME A MEMBER OF THE ALPHA BUCKA SORORITY I HAVE TO (SOB) TALK YOU INTO BECOMING A MEMBER OF THE FOOTBALL TEAM!!



I GUESS IT'S KINDA IMPORTANT FOR YOU T'GET INTO THIS SORORITY, EH, HONEY?
IMPORTANT! I'LL (SOB!) DIE IF I DON'T! BUT WHAT'S THE USE OF EVEN THINKING ABOUT IT NOW!

YOU GET SOME SLEEP, HONEY, AN' I'LL FIGGER SOME WAY O' GETTIN' ON THE TEAM WHILE I'M MOPPIN' UP TONIGHT!
YOU'RE (CHOKE) SWEET TO TRY AND DECEIVE ME---BUT I KNOW IT'S NO USE!



PUDGE GROGGINS THEY CALLED ME WHEN I PLAYED FULLBACK FOR THE REFORM SCHOOL-- AN' THEY SAY A MAN NEVER LOSES WHAT HE ONCE HAD--MAYBE I CAN DO IT FOR THE LITTLE LADY!!

O.K., BUSTER, YER WORRIES IS NOW OVER. GROGGINS HAS GOT INTA COLLEGE FOR THE SOLE PURPOSE O' HELPING YER CRUMBY TEAM WIN ITS FIRST GAME O' THE SEASON!

TOM AND HIS FRIEND JIMMY ARE PLANNING TO SCARE YOU GOOD ON HALLOWE'EN! I HOPE YOU'LL PUT IT ON THICK FOR THEM!

HO, HO! THA'S A GOOD ONE! DON'T WORRY! I'LL GIVE 'EM A BREAK!

HALLOWE'EN!

I ALWAYS TAKE A STROLL THROUGH TH' CEMETERY ON HALLOWE'EN! SO LONG, BOYS — HAVE FUN!

YEP! SEE YA LATER, UNCLE JOE!

TEE-HEE!

TELLIN' TOM AN' HIS FRIEND I WAS GOIN' WALKIN' IN TH' CEMETERY WILL GIVE 'EM TH' IDEA OF WAITIN' OUT HERE T' SCARE ME!

OH, OH! THERE'S ONE OF 'EM NOW!

TH' OTHER ONE'S PROBABLY SPLITTIN' HIS SIDES OVER BEHIND A TOMBSTONE!

I'LL IMPRESS TH' KIDS MORE BY BEING BRAVE!

ONE SIDE MY GOOD FELLOW, OR I SHALL BE FORCED T' TICKLE YUH IN TH' RIBS!

KITCHY- KITCHY KOO--- -GULP!

THA'S FUNNY, I'DA SWORN MY CANE WENT RIGHT THROUGH HIM!

GUESS I'D BETTER BE GOIN'!
